

member to member **discount scheme**

The following offer is an exclusive offer provided only to Inspire members and is not available to anyone else.

Please contact Inspire on team@inspirebiz.co.uk or 01225 355553 if you wish to redeem this offer.

Free one hour's face to face consultation **Keeping your website secure and up to date**

We take many things for granted, but when you are in business planning for the unexpected is really important. Have you ever wondered what would happen if your website was attacked?

- Is it backed-up?
- When was it last backed-up?
- Has anyone ever tried to restore it to see if the backup works?

Most hosting companies offer these services, but they are often at an additional cost.

If you have a website hosted by Soinspired you will already know that all our websites are backed up every night, not just on the same server, but to another server in a different country. They are backed up in such a way that should an incident take down one of our websites we can immediately restore from a point prior to the incident in order that we get you working again quickly.

All our websites are regularly updated with the latest security patches and our customers don't even know this is happening!

These things are essential to ensure that your website stays safe. So a couple of questions for you...

Do you know why your business website probably needs an SSL certificate?
Do you know what an SSL certificate is?

If you don't and you want to find out the benefits of increasing your website security then call Inspire and they will put you in touch with us for a **free one hour's face to face consultation** designed to help you keep your website safe and increase your search engine rankings at the same time!

Expiry Date - 30/11/17
